

Dec. 13, 1924.

Mrs. Mary Greene Wilson,
Douglasville, Texas.

My dear Cousin;

I have your letter written from Texarkana under date of Dec. 11th. I have already replied to your former letter advising me of your arrangements to go to the hospital, this letter I sent to Douglasville but presume it will be forwarded to you.

Am glad to know that you passed through your operation successfully and trust you will soon be your old time self but at the same time I do not always advise too many operations, they are dangerous.

Yes we all appreciated the picture of your son and daughter and you were advised about this in my former letter. The best thing for them to do is come over and see us and let us get acquainted with them.

We received another letter from Durward this morning. He ran over from Manchester and spent the night at Edinburgh Scotland and states that the Edinburgh Castle looks just as it did during the time of Bruce, Wallace, Douglas etc. and it is only 300 yards away from his Hotel. He writes some very interesting letters. He has been at Manchester England now for about five weeks but will leave there tomorrow, Sunday Dec. 14th., for Paris. He will visit a few mills in France and also, about the 20th, he will go to Berlin and visit the different mills in Germany for about a week or ten days, after that he will go on a sight seeing expedition for two or three weeks and then return to Paris and London and sail for America about Feb. 1st. to 10th.

We are planning to exploit a big textile corporation during the coming summer as we sold our knit underwear plants at Barnesville and Macon on Oct. 31st.

With sincere regards and very best wishes, I remain

Sincerely,

JCC:C
